The screenshot shows the Rocketmiles website interface. At the top, there's a navigation bar with the Rocketmiles logo and the United MileagePlus logo. To the right of the logos, there are language and currency selection options: "English (US)", "JPY", and "Hi, ▾". Below the navigation bar, the main heading reads "Book hotels, get rewarded". Underneath this, a subheading states "Earn thousands of miles or points per night from your favorite loyalty programs." The central part of the page features a search form with four input fields: "Tokyo Station, Japan" (with a magnifying glass icon), "United MileagePlus" (with a gift icon), "Tue, Dec 13 → Fri, Dec 16", and "1 Room, 2 Guests" (with a dropdown arrow). Below these fields is a large orange button labeled "Search hotels". At the bottom of the page, there's a section titled "How it works" with a partially visible image of a hotel room.
